**Addiction Ink Studio honored as 2010 Talk of the Town Award Recipient**

Addiction Ink Studio has been honored by Celebration Media, U.S. (CMUS) as one of its 2010 Talk of the Town Award Recipients in the category of top Tattoo Studios for achieving a high level ranking in customer care.

The Talk of the Town Awards recognizes a host of businesses and professionals who have been noted by their customers through multiple websites for their excellent customer service. The awards honor companies and professionals in the following categories: hospitals, dentists, accountants, physical therapists, veterinarians, optometrists, insurance, chiropractors, lawyers, financial planners, restaurants, bakeries, event centers, home improvement companies, florists, spas, salons and mortgage companies in addition to several other categories.

Addiction Ink has established itself as a venue where our tattoo artists are encouraged to convey their passion for creating superior and innovative body art, while consistently delivering quality customer service. Our artists are well-versed in a variety of styles and techniques that demonstrate the expansive breadth of their knowledge and talent. Addiction Ink's artists are all licensed by New York State and have received a blood borne pathogens certificate upon completing the required coursework. The shop is maintained under the most sanitary conditions to reflect our concern for the safety of our clients and artists alike.

We also provide a wide array of piercing services, which range from the common (ears; nostril; navel; tongue; etc.) to the more complex—such as surface piercing and micro-dermal implants. The piercing professionals on our staff are highly experienced and inspire confidence by deftly performing each procedure with minimal discomfort to the client in mind. We insist upon utilizing sterilized and pre-packaged needles, as opposed to a piercing gun in order to promote cleanliness and quicker healing.

Most recently, Addiction Ink added "cosmetic tattoos" to the list of services we provide in an effort to more fully serve our clientele. In addition to wide variety of body jewelry, we also carry tobacco products blown by American artists through out the country.

Addiction Ink Studio is located at 120 St. Marks Place, between 1<sup>st</sup> Ave and Ave A across the street from the famous east village Thompson Square Park.

Addiction Ink Studio would like to thank all of our special customers who took the time to express your appreciation online! Thank you!!! Continue to spread the word about our great studio.
